**KEY BIBLE VERSES TO HEAR AND REMEMBER**

*Your word is the truth.*  
John 17:17 CEV
God reveals himself to people through his word

HOW DO YOU KNOW SOMEONE LOVES YOU? Discuss ways in which people show love to one another, e.g., through words, actions, giving gifts, spending time together. Discuss the concept that someone who loves you may not be able to give you everything you want. Use this as an introduction to stories which illustrate God’s love for people. (1a)

ABOUT ME Students design a page or make a small book about themselves. Include details such as appearance, things they like to do, characteristics, etc. Use this as an introduction to the Bible, God’s book ‘about me’. (1a)

SOMETHING SPECIAL Show students an object that you keep in a special place in order that it won’t be used and damaged. Then show another object that is special to you, but one that is used often. Introduce the Bible as something special that Christians use. (1b)

BIBLE SEARCH Together with the students visit classrooms, the library, principal’s office, worship centre, etc., to look for Bibles. At the worship centre show students where the Bible is kept (on the altar or lectern) and note that the Bible is the only book there. Ask students why they think there are so many Bibles in the school. (1b)

LEARNING FROM BOOKS Show students a range of fiction and non-fiction books. Identify what people can learn about by using these books. Show students a Bible and ask what they think people can learn about from using the Bible. (1b)

WHAT DO YOU KNOW ABOUT THE BIBLE? Ask students what they already know about the Bible, e.g., who uses it? when is it used? why is it used? Use the students’ current understanding to help you plan your teaching for this unit. (1b)

The Bible is God’s word written by people whom God inspired

BIBLE COLLECTION Collect a range of Bibles for use in the classroom, e.g., Bibles for children and adults, old and new Bibles, different-size Bibles. Provide time and opportunities for students to look at these, use them in silent reading, etc. As students are doing this, observe their knowledge about the Bible and skills in using a Bible. (2a, 1b, 3a, 3b)

STORY CENTRE Set aside an area of the classroom as a Bible story centre. Display children’s Bibles and Bible story books, tape recordings of Bible stories, etc. Arrange cushions and rugs to make this an appealing area for your students. Go to this area when you tell Bible stories during the course of this unit. (1a, 2a, 3a, 3b)

BOOKS As you share books with the class, identify the features of books, e.g., they are written by an author for a particular audience; they tell a story or share information; they are organised in a particular way; they may contain illustrations. Use this as an introduction to identifying the features of the Bible. (2a, 2b)

CLASSIFY BOOKS Collect a range of books and together with the students sort and classify them according to the different text types, e.g., fiction, non-fiction, poems, songs.
Read each type of text to the students, identifying the features of each. Use this as an introduction to the Bible, which contains a variety of texts in the same book. (2b)

ILLUSTRATIONS Use the illustrations in a children’s Bible to identify and list things from Bible times that students may not be familiar with, eg clothing, houses. Sort these into categories and use them as the basis for further investigation about life in Bible times. Alternatively, show students objects that represent those used in Bible times, eg clothing (a Sunday school may have some you can borrow), a selection of foods, clay pots. Discuss the life of people in Bible times and look for examples of these in illustrations in a children’s Bible. (2c)

NON-FICTION BOOKS Before telling Bible stories, use non-fiction books to share information about the life and culture of Bible times. (2c)

3 The Bible tells the story of God’s plan for the salvation of his people through Jesus

STORYTELLING Tell (do not read) stories to your students. Discuss storytelling, eg What do students enjoy about storytelling? Is the story always told the same way? Is it easy to imagine what is happening when the story is told?
You could share traditional stories from Indigenous Australians and other cultures.
Alternatively, invite parents or other staff to tell stories that they remember hearing as a child.
Use these activities as an introduction to telling stories from the Bible. (3a,3b,2a)

WHO’S WHO Show students a collection of photographs of people they can recognise, eg sports stars, television personalities, people in the school community. Students identify who these people are, what they do and why they are well-known.
Tell students that the Bible contains stories about people who were important because they were chosen by God. Continue to investigate selected Bible characters. (3a,3b)

PLANS Identify different types of plans, eg house plans, holiday plans, emergency evacuation plans. Plans are made so that people know what is going to happen. The Bible tells the story of God’s plan. (3a,3b)

WHOM WILL I CHOOSE? Choose students to carry out selected tasks or to be a helper for the day. Discuss how it feels to be chosen to do something. Ask students how they would feel if they were asked to do something very difficult. Use this as an introduction to the stories of God choosing people to carry out special tasks for him. (3a,3b)

HEROES Read stories or watch videos about popular children’s heroes. Identify what these people do which makes them heroes. Discuss the adventures that they have.
Use this as an introduction to stories of ‘heroes’ in the Bible. (3a)

THE MAIN CHARACTER Read fiction stories or view a video which has one main character in it. Students identify who the main character is and what important things they do. Use this to introduce stories of Jesus, the main character of the Bible. (3b)
GOD HELPS PEOPLE BY HIS WORD
MODELLING ATTITUDES AND SKILLS The way in which you handle the Bible and your attitude towards it will be a powerful influence on the students.

Students will also learn Bible skills from the modelling you do. Identify the skills you wish to teach students at your level, discuss and model these skills and give students opportunity to practise them. (1b,2a)

GOD’S LOVE Select stories from the Bible References Menu which depict God’s love. After telling these stories record the different ways in which God showed love.

One way of recording this is to make a book with a title like God’s book about me. The text could include pages like: I am God. I created the world; I love my special people; I keep my promises; I forgive sins. (1a,2a,3a)

CHILDREN IN THE BIBLE Share fiction stories in which a child plays an important role. Select stories from the Bible References Menu in which children feature and share these with the students. You could collate all of these stories in a class book about Children in the Bible. (1a,2a,3a)

NAMES FOR THE BIBLE Discuss the different names that are used for the Bible, eg Holy Bible, God’s Word. What do these names tell about the Bible? (1b)

SHARING THE BIBLE Christians want many people in all parts of the world to hear Bible stories of God’s love. Show students copies of Bibles that have been translated into languages other than English, or investigate the work of organisations such as the Bible Society or Lutheran Bible Translators. Resource material can be obtained from these organisations. (1b)

GUESTS Invite guest speakers, eg parents, grandparents, to share their childhood memories of learning from the Bible or to show the students older family Bibles. Invite these people to share their favourite Bible story with the students. (1b)

FORMS OF BIBLE STORIES The stories of the Bible have been presented in many different forms in order that they may be shared with a wide range of people. Select forms that are attractive to children and share Bible stories in these ways, eg audio tape with a read-along book, pop-up books, songs, video, interactive computer programs. As you do this, always show students where the story is found in the real Bible.

Older students in this band could compare the similarities and differences between a Bible story book, video, etc and the way the story is told in the Bible. (1a,1b,3a,3b)

CLASSIFYING STORIES Make a written or illustrated list of Bible stories that students know. Older students in this band could sort and classify these, eg stories about Jesus; stories about other people; stories about children; stories about women. (2a)

EARLY FORMS OF THE BIBLE Use non-fiction material to investigate early forms of the Bible. Students in the middle to upper levels of this band will enjoy finding out about the original language of the Bible, what the written language looked like, and the work of the scribes in writing the Bible by hand on a parchment scroll. (2a,2c)

TABLE OF CONTENTS After showing students how the table of contents is used in a collection of stories or in a non-fiction book, investigate the table of contents in a children’s Bible. Students could

- practise finding the stories, using the table of contents;
- circle stories they know on a photocopy of the table of contents;
- make their own book or a class book of Bible stories, adding a table of contents. (1a,2a,3a,3b)

BIBLE-TIMES CORNER Make a Bible-times corner in the classroom. Use a large box
for a flat-roofed house, provide appropriate clothing for students to dress up in, simple cooking pots and utensils. (2c)

**INSTRUCTIONS** Discuss the role of instructions in everyday life. Students could make something by following instructions. Tell students that the Bible contains instructions that God gave his people about how to live. Use simplified language to share the Ten Commandments (you will find an example of this in TRS A2/4).

Students could record the commandments on hand prints, a scroll, or cardboard representations of the tablets of stone. (2b)

**POEMS AND SONGS** Share poems and songs with the students and discuss what the words are saying. Tell students that the Bible also contains poems and songs. Share selections from the Psalms (see Bible References Menu). Students could use musical instruments to accompany the psalms or use the structure of psalms as a model for writing their own psalm. (2b)

**LETTERS** Show students a letter you have written or received and discuss the features of letters. Tell students that the Bible also contains letters. Use an adult Bible to show the headings, eg *The letter of Paul to the...* and Paul’s words at the beginning and end of the letter. Select simple messages from the letters to share with the students. These could be recorded as a letter or on a scroll. (2b)

**BIBLE ACTIVITY CENTRE** Establish a Bible activity centre where students can make their own Bible story books or scrolls in their free time. Provide materials such as: paper, pictures from old Sunday school material, Bible stamps, textas, stapler. Encourage students to share with the class the work that they have done. (1a,2a,3a,3b)

**WORD-BANK** Begin a class word-bank or dictionary of terms that are frequently used in Bible stories and songs but that students may not understand. Add to this over the year. Examples of such words are: Israelites, disciples, baptise, hosanna. (2c,3a,3b)

The Bible tells the story of God’s plan for the salvation of his people through Jesus

**STORYTELLING TECHNIQUES** The earliest Bible stories were passed from one generation to another through storytelling. Use simple storytelling techniques to share stories from the Bible. The stories you tell could be recorded onto audio tape for students to listen to at home. Older students in this band could work in groups to choose a Bible story and practise telling it. Present their story to the class. (1a,2a,3a,3b)

**Some tips for storytellers:**

- Know the story well (introduction, plot, climax, ending).
- Think about the characters and their motives in order to put yourself in their place.
- Consider how the students may react, and edit stories if necessary.
- Practise by yourself or with a tape recorder.
- Think about actions and the tone of voice you will use.
- Collect any props you may need and practise using them.
- Relax and enjoy the storytelling experience.

**GOD’S PLAN** Use the table of contents in an adult or children’s Bible to guide students through stories which briefly tell the history of God’s people and the plan of salvation, eg Abraham, (chosen by God as the father of God’s people), Moses, (saved God’s people from slavery), living in the promised land, waiting for a special child to be born, the birth of Jesus. (3a,3b)

**HIGHLIGHTER AND BOOKMARKS** Use coloured highlighter pens and in an adult Bible mark the stories that you tell.
GOD HELPS PEOPLE BY HIS WORD

Make bookmarks with the title of the story, and an illustration from the story and place them in the appropriate pages.
Encourage students to use this Bible in their own time. (1a,1b,2a,3a,3b)
WALL MAP  Make a large wall map on which you display places, characters and important events as you tell the stories of God’s people in the Old and New Testaments, eg the call of Abraham, the exodus from Egypt, the birth, life and death of Jesus, Pentecost.  (3a,3b)

THE STORY OF JESUS  Christians believe that the story of Jesus’ life, death and resurrection is the most important story in the Bible. Show students how much of the Bible is used to tell about Jesus’ life. Tell students that these parts of the Bible were written by people who had been with Jesus when he was on earth (Luke 1:1–4 and John 21:25).

Share the life story of Jesus by using a Bible story book, video or a selection of illustrations. Younger students in this band could learn a series of echo pantomimes which tell about the life of Jesus; older students could respond with text and illustrations presented as a story board, time line or poster.  (3b)

BIBLE HEROES  Use the Bible References Menu and select Old Testament stories of people whom God used to help or save his people. Select stories which contain action and drama and in which one person can be identified as a hero, eg Moses, Samson, Gideon, Daniel, Esther.

As you tell these stories, bring the story and the characters to life by incorporating puppets, drama, music, etc. Alternatively, consider using stories from the Purple Puzzle Tree series (see Recommended Resources). Students can retell the stories through dramatisation or by illustrating the stories in comic book format. Record the stories in a book about ‘God’s heroes’.  (3a)

KINGS  (for older students in this band)  Explore stories of kings in the Old Testament (see Bible References Menu). Although the Bible describes God as the king of his people, the Israelites asked for earthly kings.

Israel’s kings were to act as leaders and help the people remember that they belonged to God. As the Bible records, not all of the kings did this.

Tell stories of King Saul, David, and Solomon. After these kings there was a succession of wicked kings who did not obey God. One exception was King Josiah who found the buried scrolls (Bible) and called the people to repentance.

Tell students about the promise and waiting for the birth of a special king, Jesus.  (3a)

BIBLE STORY BOOKS  Make a selection of Bible story books of an appropriate reading level available to your students to use in class reading times or to take for home reading.

Older students could complete simple book reports for the stories they have read, eg the title of the story, the main character, what happened in the story, the part of the story they liked best.  (1a,2a,3a,3b)

GENERAL ACTIVITIES

BIBLE VERSE  Students learn an appropriate Bible verse (see page 11).

SONGS  Students learn and sing songs about the Bible (see Resources for Music and Devotions in the Appendix).

BIBLE CHARACTER  (A recommended activity for Level 3)  Students learn about specific Bible characters. Teacher Resource Sheets in Level 3 provide information about a selection of Bible characters and suggest appropriate activities.
God reveals himself to people through his word

POSTER  Students design a poster which tells why the Bible is an important book and encourages others to hear the stories from the Bible. Display the posters in the classroom or school. (1b)

BIBLE COVER  Students design a cover for a Bible which shows that it is an important book. Provide appropriate materials to help them do this, eg gold or silver paper, coloured pens. If students have buddies from another class they could make covers that their buddy could put on their Bible. (1b)

BIBLE VERSES  Talk about why some people think it is helpful to know words from the Bible by heart.
Make up your own actions or chants to help students learn verses from the Bible. Record these on a chart or in a big book.
Older students can be challenged to set themselves a goal of learning a chosen number of verses.
(The book 365 Ideas for Teachers [see Recommended Resources Menu] contains suggestions for learning and displaying Bible verses.) (1a,1b)

OTHER LANGUAGES  Students learn Bible verses in a language other than English. If there are students in your class or school community who speak a language other than English invite them, or members of their family, to be involved in the teaching. (1b)

FUNDRAISING  Students participate in a project to raise money to support the work of the Bible Society or Lutheran Bible Translators. (1b)

BIBLE IN WORSHIP  Help students recognise when the Bible is being used in worship. You could develop a routine in which you clearly state what is happening, eg This story comes from the Bible. I am going to read it from a Bible story book.
If your school worship service is based on a traditional liturgy, explain that the words This is the word of the Lord and Thanks be to God are used when people read from the Bible. (1a,1b,3a,3b)

WORSHIP CENTRE  Students suggest how your class worship area can be arranged so that the Bible is given a prominent place. Display work from this unit, along with comments from the students, around the worship centre. (1a,1b)

BOOKMARKS  Students design bookmarks to use in children’s Bibles and Bible story books. An illustration of a Bible character or a simple Bible verse could be included on each bookmark. (2a)

DISPLAY  Make a display based on the different types of writing in the Bible, eg poems and songs, letters, adventure stories. Make enlarged copies of the original text and add copies of students’ written or illustrated responses.
Alternatively, record this information in a big book.
As you continue to tell Bible stories during the year, ask students to identify in which category the story belongs. (2a)

DRESS-UP DAY  Conclude the unit by having a dress-up day when students come to school dressed as a Bible character. Include a special Bible-times lunch. (2a,2c,3a,3b)

BIG BOOKS  Scribe in simple text the stories you have told, and use them for group reading. Teach students to recognise words like God, Jesus, cross. (1a,2a,3a,3b)

WHO’S WHO  After studying a series of Bible characters, students each make a poster of one character. Display these with a title like ‘Who’s who in the Bible’. (3a,3b)
SONGS  Learn songs about the Bible and Bible characters and make up appropriate actions to go with them.  (1a, 3a,3b)

QUIZ  Students contribute questions to make up a class quiz about characters and events in the Bible. Challenge another class with these questions. This could be organised on a larger scale, eg arrange classes in vertical groups and run a mini ‘quiz afternoon’, with sets of questions, brain teasers, etc all based on the Bible. Make small prizes available.  (1a,3a,3b)

DISPLAY FOR PARENTS  Arrange for a Christian book store to display a range of children’s Bibles, Bible story books, etc. Invite parents to come and view/purchase the books.  (1a,2a,3a,3b)
