GOD HELPS PEOPLE BY HIS WORD

1. **God reveals himself to people through his word**

**QUIZ** Students respond to: What is the world’s best-selling book? What book has had more copies printed than any other? What book has been translated into over 2000 different languages? Discuss the students’ responses and tell them the book is the Bible. Students list questions they have about the Bible. (1a,1b,1c)

**WAYS OF COMMUNICATING**
Students work with a partner and have the task of communicating simple messages. With each message they have a different restriction, eg with this message you are not to speak, with this message you are not to write or speak. Discuss what students think are the best ways of communicating with others. Go on to explore the way in which God communicates with people through the written word (Bible) and living Word (Jesus). (1a)

**WHAT IS IT ABOUT?** Write the following statement on the board and ask students to respond to it individually: What is the Bible about? Ask volunteers to share their responses, and discuss what students believe is the message of the Bible. Ask students if they know of any warnings or promises in the Bible. Use the activity to lead into exploration of the warnings and promises of the Bible. (1b)

**WHEN ALL ELSE FAILS READ THE INSTRUCTIONS** Ask students to bring along sets of instructions/owners’ manuals for different electrical items. As a class, discuss what information is included in instructions, eg how to use the item, guarantees, ways the item works best. Discuss:
- Do people come with instructions?
- How do people know what to do and how to live?

Discuss how the Bible can be described by Christians as ’The Maker’s Manual’ on how to live. (1c)

2. **The Bible is God’s word written by people whom God inspired**

**WHAT I KNOW** Students work in groups to list everything they know about the Bible. As a class compile the list and develop also a list of questions students have about the Bible. Go on to provide resources for students to investigate their questions. (1a,1b,1c)

**SONG STUDY** Listen to Amy Grant’s version of ’Thy Word’. What message does the song have about ’the word’? What do Christians believe is ’the word’? Skim through Christian songbooks to find songs about ’the word’. Compile information on a class chart. (1c)

**MY INSPIRATION** Define the term ’inspiration’. Discuss times the students have felt inspired to do something:
- Who inspired them?
- What did they feel inspired to do?
- What do they think it means to ’be inspired’?

Go on to explore the Christian belief that the Bible was inspired by the Holy Spirit. (2a)

**EYEWITNESS ACCOUNT** Set up an event either in or outside the classroom, eg two students bump into each other and argue about who caused the collision. After the event ask all students to record individually what they witnessed. Students discuss in groups the similarities and differences in what they recorded. Why were there some differences? Lead the students to understand that while the story can be essentially the same, minor details can vary. This is influenced by the purpose of the witnesses’ accounts and the experience and knowledge of the witness who is writing the account. Ask the students to predict the differences they might expect to find in the four gospel writer’s accounts of Jesus’ life. (2a)

**WHAT IS THE GENRE? WHO IS THE AUTHOR?** Provide groups of students with a stack of books, fiction and non-fiction, including the Bible. Each group is to sort the books into genres and write the name of the author of each book on a self-stick label on the front of the book. Discuss the sorting process and who they listed as the author of the Bible.
Go on to explore the genres and authors of individual books of the Bible. (2a,2b)

**COLLECTION** Students bring Bibles from home, the school or local library, eg children’s Bibles, Bibles written in other languages, different translations of Bibles, Bibles that are a part of family history. Also show students a Bible on CD ROM.

Divide the Bibles among groups of students. Students study the Bibles to make a list of ‘common features of all Bibles’, eg contents page, Old and New Testament, and ‘different features of specific Bibles’, eg maps, concordances. Discuss:

- Why do you think there are so many different types of Bibles?

Go on to explore the development of Bibles into their present forms. (2a,2b,2c)

**WHAT SKILLS DO I NEED?** Provide groups of students with different tasks, eg writing a book, driving a car, playing tennis. Each group must list the skills they need to be able to complete the task well, eg for playing tennis: hit the ball, serve, score.

Provide students with books such as street directories, recipe books and engineering books. Discuss with students the skills needed to use these books. Introduce the Bible and tell students that there are skills people need in order to be able to read and use the Bible effectively. (2c)

---

**3. The Bible tells the story of God’s plan for the salvation of all people through Jesus**

**THE BIBLE TELLS ME SO** Study the lyrics of *Jesus loves me*, especially the phrase, ‘the Bible tells me so’. Students individually or with a partner reflect on the question: What do you think the Bible tells people? Go on to explore the message of the Bible. (3a,3b,1a)

**REMEMBERING** Discuss the kinds of things people do to help them remember the past: they take photos, retell the story to others, have special commemoration services (eg Anzac Day), have special commemoration sites (eg war memorials, statues in tribute to a person). Discuss:

- What are things you remember about your past?
- What are important memories for you?
- What do you do to remember the past?

Tell students that the Christians believe that the Bible is God’s way of helping people remember the most important thing he has done. (3a,3b)

**PROMISES, PROMISES** Discuss: What is a promise? What types of promises do you make? Which promises are hard to keep? What is the most important promise you have ever made to yourself? To someone else? How do people seal promises? What promises has God made to people? (3a,3b,1a)

**GREAT LEADERS** Students brainstorm a list of great leaders in the Bible. Discuss what makes them great and whether they would be considered great today. (3a,3b)

**COVENANTS** Show students a copy of a contract or agreement. Discuss:

- How do people today indicate that an agreement has been made?
- What types of documents seal promises or intentions?
- What happens if these are not followed?

Tell students that another word for agreement is covenant. Discuss:

- What agreements/ covenants has God made with people?
- How did God seal his promises?

This can lead to a study of the Bible as a book of covenants between God and people (Old and New Covenants/Testaments). (3a,3b)
### IMAGES OF GOD
Explore images of God presented in Bible stories from the Old Testament, eg Exodus 13:21,22 and Exodus 19:9, also see Bible References Menu. What do these passages reveal about God? How do they relate to your understanding and image of God? Students paint or draw the image of God created through these stories.

The Bible calls Jesus ‘the image of the invisible God’ (Colossians 1:15). Read Mark 10:46–52; Luke 8:40–56; and Matthew 27:32–56. What image of God do these stories create in your mind? Students draw or paint the image of God created through these stories. Compare the paintings and drawings. Students discuss and record responses to: What does the Bible teach about God? (1a)

### MEDITATION
Conduct a guided meditation of a Bible story from the gospels, eg Bartimaeus (Mark 10:46–52). Play some relaxing music, have the students lie on the floor, close their eyes and imagine the story. Encourage students to imagine Jesus and what he is doing and saying. Ask them to reflect on what he is teaching people about God through his words and actions. Students write a personal reflection on what the story was saying to them. Discuss the students’ reflections. (1a,3b)

### THE WORD SEARCH
Explore the following readings to consider what the Bible says about God’s word.
- Psalm 119:105 (lamp)
- Psalm 119:103 (better than honey)
- Psalm 119:72 (better than gold)
- Hebrews 4:12 (double-edged sword)
- 2 Samuel 22:31 (truth)
- John 1:1–3,14 (Jesus, the living Word)

Students could also use a concordance to investigate other Bible readings about God’s word. In groups students create a game based on their research with questions about the Bible as God’s word. (1a,1b)

### PROMISES AND WARNINGS
Students investigate stories from the Old Testament, eg Moses and the Israelites in Deuteronomy 8 (see Bible References Menu for further suggestions) to explore the warnings and promises God made to his people in the Old Testament.
- What warnings did God give?
- What kinds of promises did God make?
- What do the promises and warnings teach about God and the relationship he wants to have with people?

Students use Bible handbooks and encyclopedias to explore the themes of warnings (law) and promises (gospel) in the Bible. The information could be presented on a comparative chart. (1b)

### THE LAW
Students read the laws governing the people of Israel in Exodus 19:1–6; 20:1–17. In groups, students skim through some of the laws in Leviticus and identify laws which they find interesting to share in with the class. Discuss with students:
- Why do you think God gave his people all these laws?
- What was the law designed to do?

Use Bible handbooks and encyclopedias to explore key words such as law, Pharisees. Students read and record how people such as the Pharisees viewed the laws of God in the time of the New Testament and what Jesus taught about the law, eg Matthew 5; Matthew 15:1–20; 22:34–40; 23:23–26.

Use a concordance to explore references to the law in the Epistles.
- How did Jesus change people’s understanding of the law?

Students write a ‘before’ and ‘after’ view of the law in their books. (1b)

### THE BIBLE DISCOVERY
Students work individually or in groups to investigate questions they have about the Bible, eg Who wrote the Bible? What is the Bible about? Who put the Bible together? (Include any questions the students themselves have about the Bible.)

Make a list of resources (printed, electronic, human) that are available for the students. Provide sharing time for students to discuss which resources are most useful and any interesting findings. (1a,1c,2a,2b,2c,3a,3b)
GOD HELPS PEOPLE BY HIS WORD

SURVEY Survey members of local Christian congregations after a Sunday service to gather information on the importance of the Bible for Christians. Collate the results and investigate any issues which arise. (1c)

GUEST SPEAKER Invite a guest speaker from the Bible Society, Gideons, Wycliffe or Lutheran Bible Translators to speak to the students about the Bible and the impact it has had on people’s lives. Students prepare questions for the guest speaker. Students could be involved in a fundraising activity to support the work of the organisation. (1a,1c)

INTERVIEW Arrange to interview some members of local congregations to find out why (and how) they read the Bible. Keep a class list of responses. Discuss what the students believe the Bible is about and what is its message. Invite a local pastor to suggest ‘top-ten must-read’ stories and verses from the Bible. (1a,1c)

BAD NEWS / GOOD NEWS Investigate the warning (law) and good news (gospel) in a range of Old and New Testament stories. See Bible References Menu. Develop questions to guide the investigation, such as:
- What types of warnings did God give people?
- How did God react when people ignored his warnings?
- What good news does God have for people?
Students create bad news / good news newspaper articles. (1b)

PASTOR’S INSPIRATION Invite a local pastor(s) to share how pastors prepare sermons each week. How does a pastor reflect on God’s word and explore the topic in preparation for preaching? (1c)

THE BIBLE AND REAL LIFE Students choose a number of topics of interest to students their age, eg relationships, love, forgiveness, happiness, peace, justice, fear. Students explore stories from the Old and New Testaments which deal with these issues. Use a concordance to explore the issues further in the Bible. Note: Some Bibles prepared especially for teens provide indexes for these topics. (1c)

THE BIBLE is God’s word written by people whom God inspired

THE HISTORY OF THE BIBLE Use Bible encyclopedias to explore and record information about who wrote the books of the Bible, and also read 2 Timothy 3:15–17; 2 Peter 1:21. Discuss:
- In what ways is the Bible similar to and different from other books?
Students use Bible encyclopedias and handbooks and videos such as Messages from the Memorybanks to investigate how the Bible came to be in its present form. They also gather information about the work of Wycliffe, Tyndale and Luther in translating the Bible. Students present the information in their own computer multimedia presentation about the history of the Bible. (2a,2b)

BIBLICAL ARCHAEOLOGY Use the Lion Handbook to the Bible and other non-fiction texts to explore what archaeologists have discovered about the Bible. Students could compare Sennacherib’s Prism (p 280 of The Lion Handbook) with 2 Kings 18:13–36. Students explore the questions:
- What have archaeologists found out about the Bible?
- How does archaeological evidence influence what people think about the Bible? (2b)

DEAD SEA SCROLLS Investigate the stories of the discovery of different copies of the Bible, eg The Codex Sinaiticus, the Dead Sea Scrolls. How were they discovered? How accurate were these copies? What do they reveal about the reliability of the Bible? View the video Messages from the Memorybanks available from the Bible Society. (2b)

THE WRITING OF THE BIBLE Examine a list of the kinds of writing in the Bible, eg narrative, poetry, letters, laws, proverbs.
Students work in groups to investigate and gather information about the different kinds of literature. Students create a poster showing selections of the writing, their purpose and message. Provide time for students to share their posters with each other. As a class discuss what common message is revealed through the different kinds of writing. (2b,2c,1a)
THE CANON OF THE BIBLE Students investigate the formation of the canon of the Old and New Testaments. See TRS C3/Extra a,b. *The Lion Encyclopedia of the Bible, How our Bible Came to Us* by M Doney and *A Very Special Book—All about the Bible (Bible World)* by J. Drane are excellent resources. Students work in groups to report on ‘How the Bible came to be a book’. (2b)

BOOK STUDY As a class develop a list of questions to use when researching and preparing a report on any book, eg author, genre, theme, setting, key characters, author’s message, intended audience.

Each student chooses a book of the Bible, which has at least four chapters, to investigate, using their questions as a guide. Each student is to read at least the first and last chapters of their book and two other chapters.

Use Bible encyclopedias and handbooks to provide summaries of the themes and messages of the books. Students prepare either a written or an oral report on their book. (2b)

STRUCTURE OF THE BIBLE Students work in groups to list what is contained in a Bible, eg the contents page, subject index, maps, cross references. They identify the Bible text and what has been added by publishers to help readers.

Conduct a series of lessons on how to use many of the Bible helps, eg footnotes, cross-references, maps and glossaries.

Students prepare an instruction manual to be used by younger students who have just received their first Bibles. They may interview younger students to consider their needs. (2c)

BIBLE TIMES Students use Bible encyclopedias and handbooks to investigate the various lifestyles and cultures portrayed in the Bible, eg desert nomadic life, Egyptian culture, life in a Babylonian or Palestinian village. Consider: How was their life similar to and different from life today?

Read a story from the Bible about people they have investigated, eg if students have investigated nomadic life, they may read about Abraham. Discuss:

- How does knowledge of the context of the story affect your interpretation of the story?

Students photocopy a story from the Bible or a children’s Bible and paste it on an A3 sheet. They then surround the story with information about the life and culture of the people in the story. Bind the pages into a big book for the class or school library. (1a,2b)

3 The Bible tells the story of God’s plan for the salvation of all people through Jesus

CHOOSE A STORY Provide students with a range of children’s Bibles. Each student chooses a Bible story to research and discover its background and meaning. They give an oral report explaining:

- Why does this story teach about God?
- How does the story fit into God’s overall plan to save people?

Students could present their reports following the chronological order of the Bible. (3a,3b)

JESUS, THE CENTRE OF THE BIBLE To explore the salvation plan of the Bible choose from the following options:

- Conduct a study of one of the synopses of the story of God and his people, eg Psalm 78; Acts 7; Acts 2:22–39. Students create a time line of the key events.
- Students work in groups to investigate stories of key people in the Old Testament, eg Abraham, Moses, David, Isaiah. Choose stories in which God reveals his plans to save people and makes promises to his people. See Bible References Menu for Bible readings. Students record God’s promises.
- Read a selection of stories about Jesus’ life and readings from the New Testament in which writers describe the way in which Jesus fulfilled God’s promises, eg Paul’s teachings about Jesus in the book of Romans.

Discuss as a class:

- Why do you think Christians call Jesus the centre of the Bible? (3a,3b)

MOVIES A number of films have been made about stories from the Bible, eg Cecil B de Mille’s *The Ten Commandments, The Greatest Story Ever Told, David and Bathsheba*. View one of these films. Read and compare the film version of the story with the Bible story. Where did the scriptwriter make changes? Can you explain why the changes were made? (3a,3b)

WHO’S WHO IN THE BIBLE Each student chooses one male and one female person from the Bible to investigate. Students find out about their characters’ personality, what they did, when they lived, and what relevance their story has for people today.

Students present their research in interesting and creative ways, eg a scroll, a wanted poster, a passport. (3a,3b)
**GOD REVEALED IN JESUS**

Study stories of Jesus in the New Testament in which he explains or shows what God is like, eg the parables of the lost sheep, son and coin, Jesus healing the sick, Jesus’ death on the cross. Use questions such as:

- What did Jesus teach about God?
- If Jesus was the Son of God, what do Jesus’ actions say God is like?
- What does the story about Jesus’ death teach people about God?

Read passages from the New Testament which explore the concept that Jesus carried out God’s plan to save people, eg Romans 3:21–26, Ephesians 1:3–14, Colossians 1:15–22. (3b,1a)

**THE ARTIST’S IMPRESSION**

Study artwork in art books that depict stories or scenes from the Bible. Make a list of the stories and people depicted. Which people or stories are depicted most frequently? Why do you think this is? Study a particular artwork to explore the artist’s message. If you were to create your own artwork, which biblical story or person would you depict? Why? What message would you convey through your artwork? (3a,3b)

**GENERAL ACTIVITIES**

**BIBLE VERSE**

Students learn an appropriate Bible verse (see page 12).

**SONGS**

Students learn songs about the Bible and songs which retell Bible stories (see Resources for Music and Devotions in the appendix).

**TIME LINE**

(A recommended activity for Level 1) If the class is developing a time line for Christian Studies, include information showing when different parts of the Bible were written, and if your time line extends to modern times, add significant dates, eg invention of printing, major translations.

Alternatively, create a time line during this unit showing major biblical events.

**GOD FILE**

(A recommended activity for Level 2) If the class is developing a God File, add information to the file about God communicating with people.
God reveals himself to people through his word

**MY IMAGE OF GOD** Students write about or illustrate their image of God based on their investigation of God through the Bible. Students explore their understanding of God's relationship with people. (1a)

**WORSHIP DISPLAY** Students design a display for the worship centre, featuring the Bible and its message. (1a,1c)

**A BIBLE GAME** Students create a question-and-answer game to teach others about the Bible. Students include 'important' questions as well as interesting Bible trivia. (1a,1b,1c)

**COLLAGE** Students create a collage using headlines and pictures from magazines and newspapers that show the world’s need for the message of the Bible. Over the collage they write a Bible verse which they believe conveys the Bible’s response to people’s need. (1a,1b,1c)

The Bible is God’s word written by people whom God inspired

**ARCHAEOLOGICAL FIND** Students consider this scenario: Archaeologists have just discovered a new letter written by Paul. Discuss: What do you think Christians will do with it? Will it be added to the New Testament? Why? (2a,2b)

**GUIDE TO THE BIBLE** Students use a book such as *Discover the Bible* by Lois Rock as a model for their own ‘Guide to the Bible’ or ‘Bible Handbook’ for the class or school library.
- What features are required to make the book appealing to the audience? (lift-up flaps, illustrations, cartoon figures that feature throughout the book with humorous comments)
- What stories and information must be included? (2a, 2b, 2c, 3a, 3b)

**THE WORD** Students work in groups to choose and present a song about God’s word from contemporary Christian recordings or songbooks. The presentation includes performing the song and sharing what the song teaches about God’s word. (2a,1a)

The Bible tells the story of God’s plan for the salvation of all people through Jesus

**GREAT STORIES** Students tell a Bible story to younger students. They work in pairs to prepare to tell the story. They could also prepare an activity based on the story. Discuss appropriate stories and the needs of a younger audience. Students consider the features of ‘good’ storytelling, eg storytelling props, use of voice. (3a,3b)

**BOOK COVER** Students design book covers for the Old and New Testaments, showing how each part of the Bible directs people to Jesus. (3a, 3b)

**PICTURE BOOKS** Each student chooses a Bible story to present as a picture book. Study Bible story picture books as models. Investigate a variety of illustration techniques. Students could work in groups to produce big books for younger students. (3a,3b)

**STUDENT LESSONS** Students work in groups to prepare a lesson about a person or event in the Bible which they have been investigating. Students prepare a lesson plan including how they will assess what the students have learnt. (3a,3b)

**WHO AM I?** Students develop a game of ‘Who Am I?’ or a biblical version of ‘Celebrity Heads’ based on their research of Old and New Testament people. (3a,3b)

**DRAMA** Students use *The Dramatised Bible* to help them develop their own dramatised version of a Bible story for use in school worship. (3a,3b)

**BIBLE EXPO** Students plan a ‘Bible Expo’ for the school community presenting information about the Bible, its structure and message. (1,2,3)

**STORIES ABOUT GOD** Each student chooses a story from either the Old or New Testament that they believe presents the best message about God. They work in groups and share their reasons for selecting the story and what it tells people about God. (3a,3b,1a)
The introduction to LIFE contains suggested general resources for all LIFE concepts. The following resources may be used to develop a unit about God helps people by his word. Some of these resources may be out of print. They are listed because they (or others similar to them) may be found in school libraries. Preview these and any other resources you intend using to be sure that they are appropriate for your students.
